## The Wayne National Forest

Did you know?

- It's the only national forest in Ohio
- Is 241,00 acres in size
- That 80% of the land within the Proclaimed Boundary is privately owned
- Within a day's reach of 58% of the nation's population
- Over 95% of forest visitors come to recreate on 121 miles of its motorized trail system

This map was produced in partnership with the USDA Forest Service, Wayne National Forest and Sunday Creek Associates, Little Cities of the Forest (LCF) Collaborative. Since 2007, the partnership between the two has used shared history to leverage heritage tourism and other benefits. ## Trail Notes

KEEP IT BEAUTIFUL

IN SOUTHEAST OHIO, we're surrounded by America's natural beauty. What if we could enhance our community's environment by creating a healthier and safer place to live, work and play?

Keep America Beautiful (KAB) believes that each of us holds an obligation to protect the environment, and can make real differences through our daily actions and choices - recycling, conservation, planting trees and gardens, volunteering in our communities, and, of course, not littering. It's really a simple principle, but one with far-reaching impact.

Through more than 50 years of educational programs, creative public/private partnerships, and “roll-up-your-sleeves” action, KAB has made significant progress in improving the American landscape. But there is still much more to do.

In southeast Ohio, we encourage you to make a local connection with Keep Southeast Ohio Beautiful. The collaborative group is one of nearly 1000 affiliate and participating organizations providing local activities, volunteer opportunities, educational events, clean-ups and more.

Come join the collaborative group in this worthwhile effort.
